

Dear Students,

Are you an international M.A. or doctoral student at the University of Bern? If so, we warmly invite you to join **MILSA Inbound**, an intercultural learning program that combines cultural and social activities right here in Bern.

Through MILSA, you'll have the chance to:

- Connect with fellow international students.
- Make new friends.
- Discover more about Bern, Switzerland, and its culture.
- Benefit from activities that help you settle smoothly into your new environment.

Participants in past semesters have found MILSA not only enriching but also a great way to meet people and learn about Bern and it's surroundings. If you are curious about their experiences, you can read about them on the [MILSA Blog](#).

If you're interested in joining the program or would like to learn more, simply follow [this link](#).

We look forward to seeing you there!

Best regards the MILSA Team,

Annie Cottier and Tina Gantenbein
